

**SIGNAL**  
High Visibility Materials

# COATS SIGNAL LUCENCE™

Outstanding visibility, every time.

**Coats Signal Lucence™** is a phosphorescent high-visibility solution for Safety and Fire boots. It charges within minutes using sunlight or artificial light and provides up to **8 hours of glow**, with no batteries required. Seamlessly integrated into footwear, it enhances visibility while supporting design flexibility and comfort.

CONNECTING. PIONEERING. TRUSTED.
